

Foodservice UK
Product Catalogue

At your service

Our Product Catalogue

Whether drinking a latte on the go or snacking at your desk, today's consumer expects the packaging to reflect the quality of the product inside.

With this in mind, Huhtamaki provides a comprehensive range of top quality foodservice packaging products, designed to meet the needs of small local businesses through to major international customers.

Our Foodservice operations are focused on the following:

- Catering & Distribution
- Quick Service Restaurants & Beverages
- Vending and Water

The key customer groups include fast food, beverage, contract catering, coffee and casual dining restaurant chains as well as specialised distributors serving these industries.

INFORMATION AT A GLANCE

Microwave safe

Compostable

BioWare

4-9

Totally compostable product range for a powerful statement of your brand's environmental awareness.

Beverages-to-go

10-19

Paper hot and cold cups for gourmet beverages on the go and a range of tumblers ideal for smoothies or alcoholic drinks.

Food-to-go

20-27

Your one-stop-shop for takeaway food packaging.

Vending and Water

28-31

Plastic and paper cups for hot and cold drinks suitable for all types of vending machines and table-top serving.

Customised printing

32-33

Our cost-efficient and effective custom print service can ensure your brand gets carried away with your packaging.

BioWare

BioWare Huhtamaki's environmentally friendly range of high quality single-use hot and cold drink cups, plates, bowls, containers, cutlery and Strongholder carry trays are all compostable. By using them, you're making a powerful statement about your brand's environmental awareness and meeting consumers' growing demand for green products. All BioWare products decompose completely in the optimal conditions of industrial composting facilities.

Product focus CHINET RANGE

- Made from 100% post-industrial paper cup cuttings from Huhtamaki's own factories. The original paper board used to make the paper cups comes from sustainably managed forests.
- Microwave safe and can be used in an oven to temperatures up to 180c.
- Chinet is fully compostable within sixty days under the correct conditions.

Beverages-to-go

Away from home gourmet beverage consumption is a growth area for both hot and cold drinks and Huhtamaki offers a full range of products to cater for this market. Whether you're serving up speciality coffees or freshly made smoothies, we have a cup or tumbler to suit!

In the hot drinking cup range we have single, double and triple wall cups to ensure you have the right product to suit your customers' needs. We also have a range of lids and carriers to complement our cup and tumbler range.

Product focus **DOUBLE WALL CUPS**

- Well insulated and comfortable to hold, eliminate the need for double cupping.
- Our stylish double wall cups are now available with a matt, gloss or natural finish.
- Unique embossed outer layer improves insulation.

What is RPET?

RPET is a material derived from PET bottles eg carbonated drinks and water bottles. It also offers excellent clarity so is ideal as a tempting display for your products whilst being environmentally-friendly and shatterproof.

CE marked

Our pint and half pint tumblers (to line or brim fill) are certified to carry the government approved CE marking. So you can now use free-flow pumps and be confident in the measures you are serving!

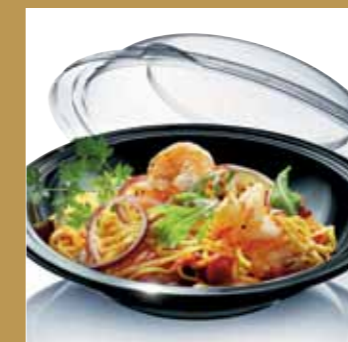

Please see the BioWare section for more tumblers on page 7.

Food-to-go

The pressures of work, shorter lunch breaks and busier lifestyles have increased the need for more convenient and quicker eating options coupled with more attractive simple-to-use packaging.

Our range is an innovative selection of salad bowls, multi purpose food containers, plates and soup containers - all ideal for eating on the move.

Product focus **SNAP-ON BOWL**

- Ideal for a range of food, from fresh salads and desserts to hot pasta, rice and noodles.
- The bowl is specially designed for takeaway meals and eating directly from the bowl.
- Food can be re-heated in the bowl which is made from microwave safe PP material.

Vending and Water

Suitable for all types of vending machines our vending range provides a quality offering that competes with the high street drinking experience and reflects the standard of the beverage. It's not just the ingredients that need to be considered, but presentation too! Paper vending cups can also be custom printed to suit your branding or marketing campaign - so see this as an opportunity to get your message across and get creative!

Product focus **PAPER VENDING CUP**

- Enhance the presentation of hot vended drinks
- Suitable for use in virtually any machine, the cups are available in a range of sizes.
- Choose from our modern Specialty stock design or customise your print
- Sip-thru and standard lids are available

*Made to order

Customised Printing

The possibilities ARE ENDLESS!

Using the latest technology and colour printing processes our designers can create any number of unique and eye-catching products for you. From branding products with your company name and logo to a complex promotion involving hidden messages, simply set us the challenge and we'll rise to the occasion!

PROMOTIONAL PRINTING

“ **NOTE:** A cup is an ideal medium for advertising or a marketing campaign where prizes are 'up for grabs.' ”

LABELLING

Peel and reveal labels are a great way to incentivise purchase.

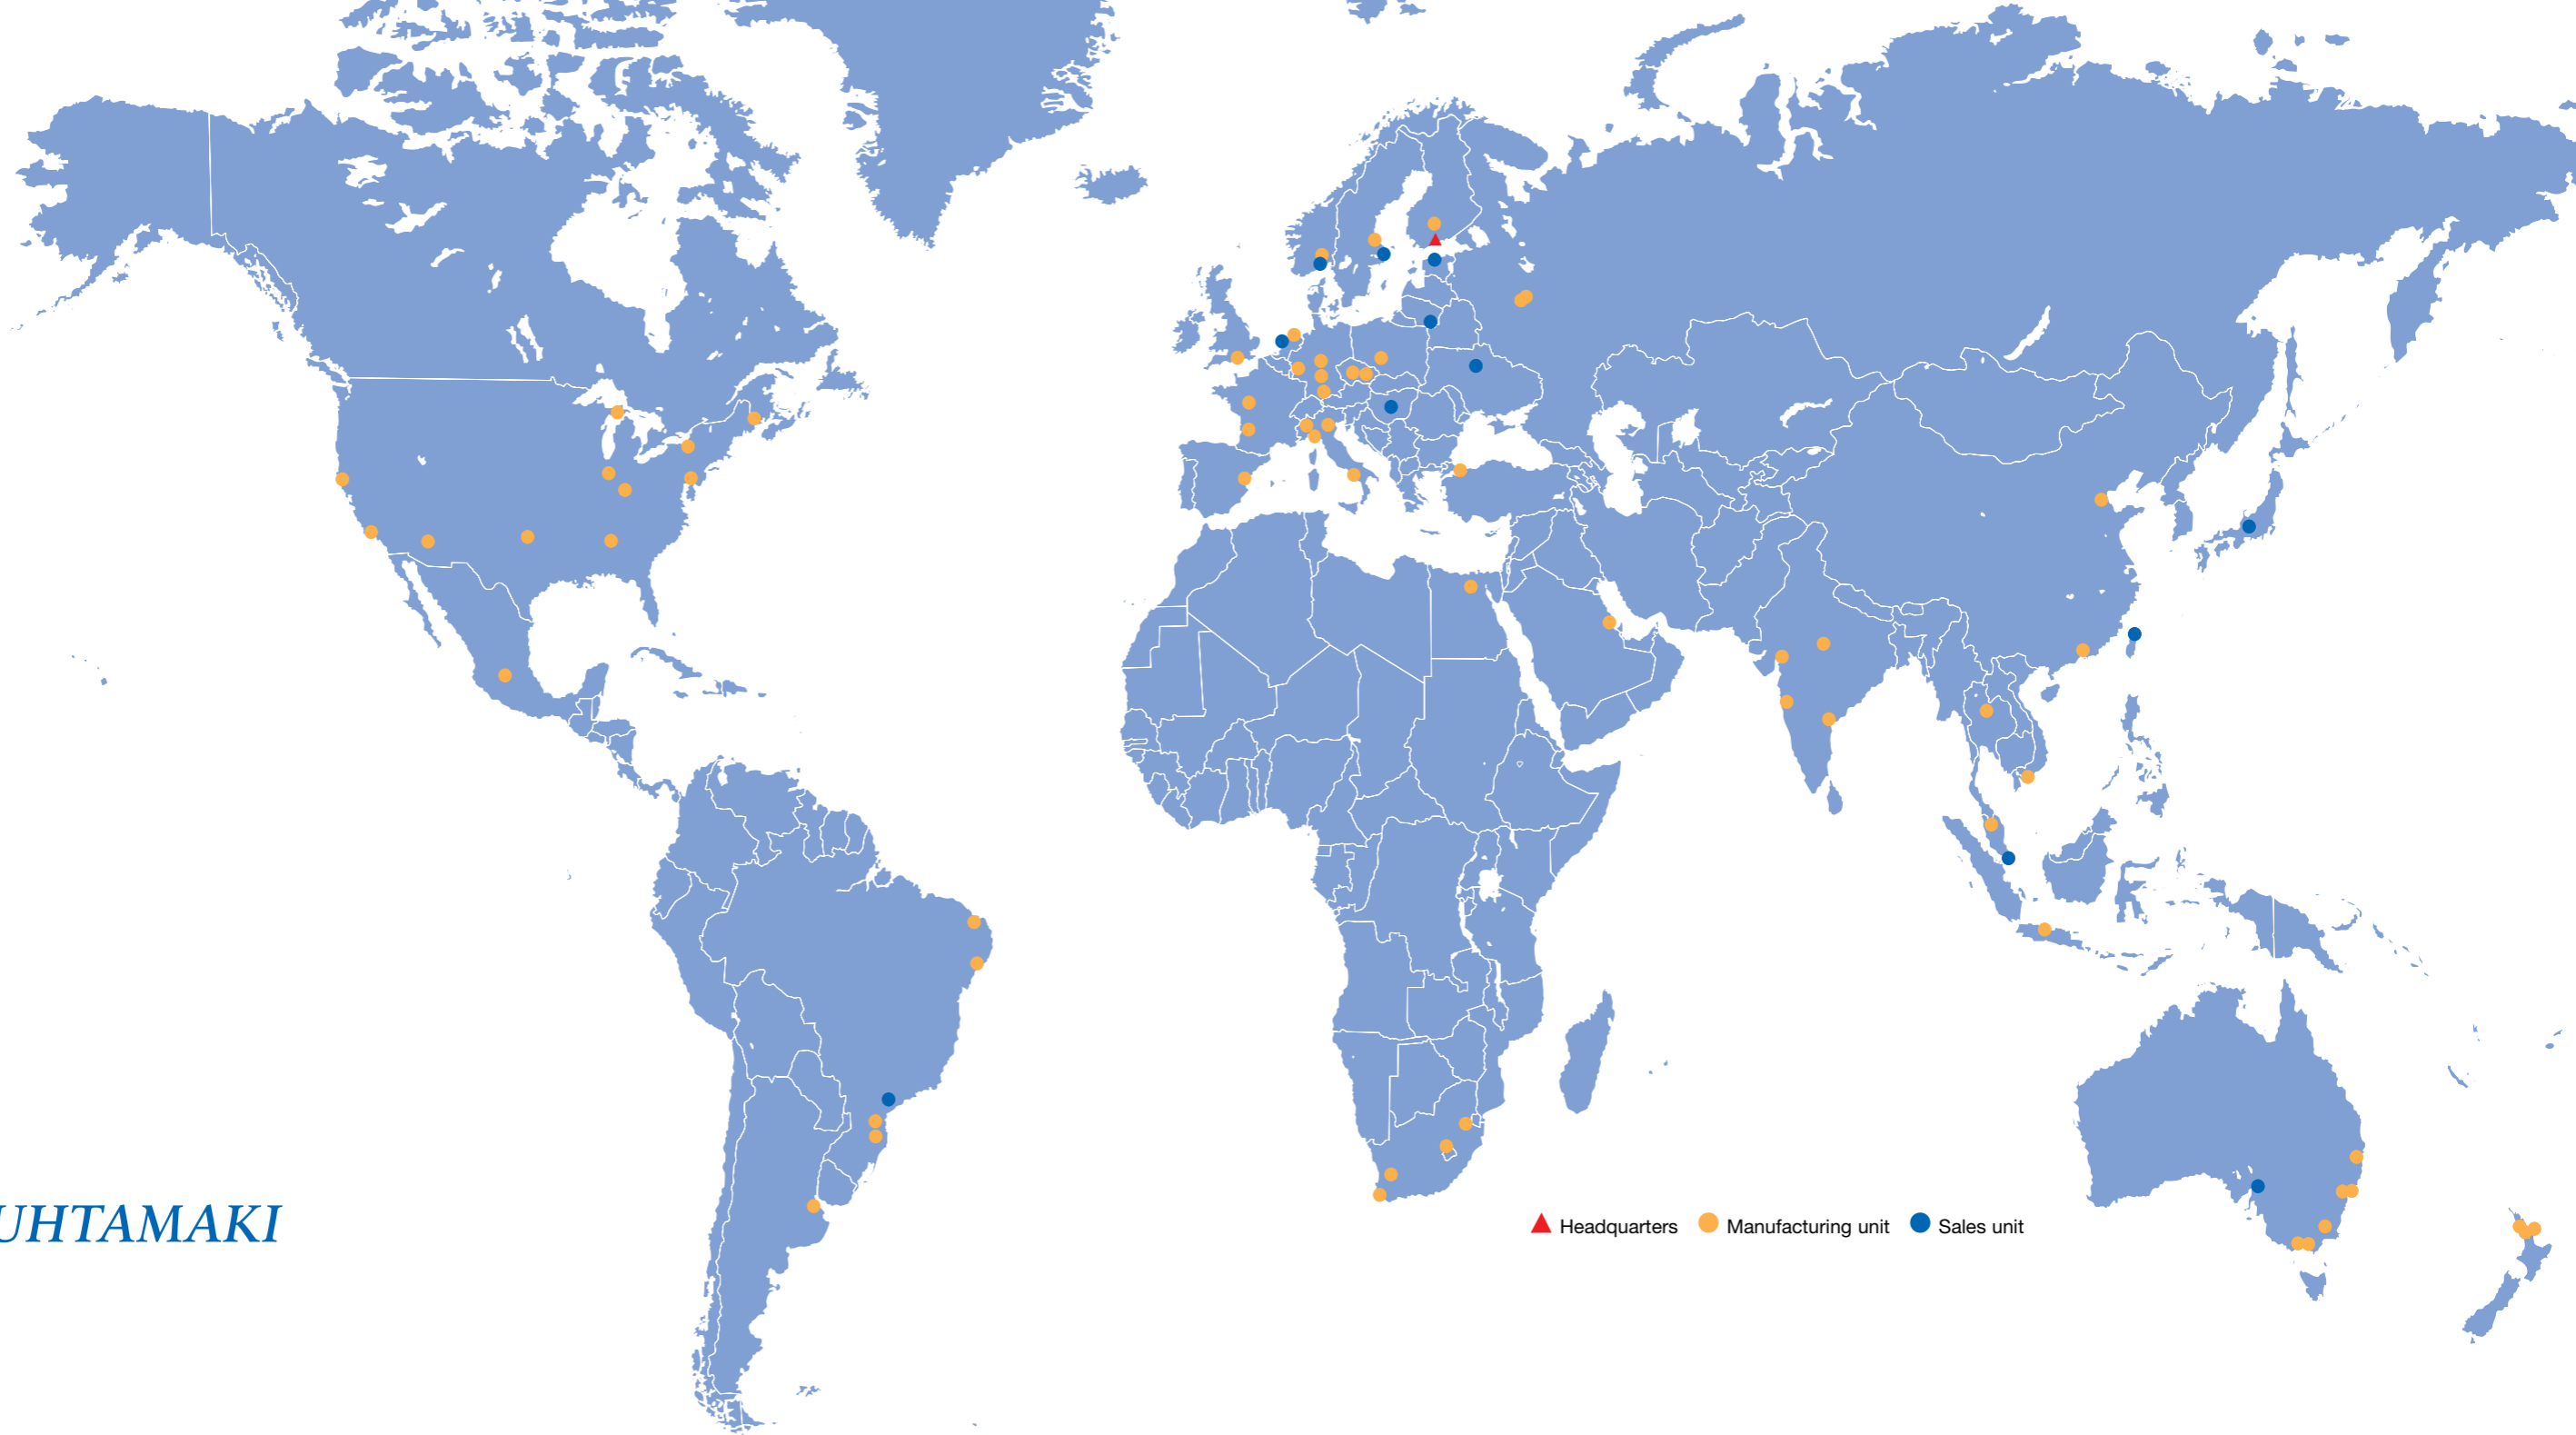

Thermochromic labels are another innovative way to encourage sales! They are responsive to either hot or cold temperatures and can be used to reveal a hidden message or an instant win promotion.

'LUCKY' CUPS

“ **NOTE:** Prize promotions can be created using barcodes printed onto paper cups, winning number sequences can then be selected. ”

▲ Headquarters ● Manufacturing unit ● Sales unit

Huhtamaki Group is a leading manufacturer of consumer and specialty packaging with 2008 net sales totalling EUR 2.3 billion. Consumer Goods and Foodservice markets are served by some 14,600 people in 65 manufacturing units and several sales offices in 35 countries. The parent company, Huhtamäki Oyj, has its head office in Espoo, Finland and is listed on the NASDAQ OMX Helsinki Ltd. Additional information is available at www.huhtamaki.com.

Focus and expertise is in paper, plastic, films and moulded fibre. Huhtamaki offers products from stock, custom designs as well as total packaging systems and solutions.

We are committed to providing innovative solutions and ensuring operational excellence. This reflects Huhtamaki's desire to proactively contribute to its customers' success by **helping them sell more**.
